9 GCSE's B-E including Maths, English, Sciences

KEY SKILLS

- C++
- DirectX11 / Vulkan
- HLSL/GLSL
- Unreal Engine
- C#

WORK EXPERIENCE

IT assistant Internship | Worley Parsons

Apr 2018 to Apr 2018

Worley Parsons is a company specialising in project management primarily within the oil and gas industry. They have managed projects for Saudi Aramco.

- I developed my customer service skills by helping with IT problems for the employees of other departments.
- Through working as an IT assistant at a large company, I learnt how IT networks are setup and maintained and further developed my time management skills.

ADDITIONAL INFORMATION

- I hiked all the way up to the summit of Mt Kilimanjaro.
- I was raised in a culturally diverse setting in the Middle East and experienced extensive travel across Europe and Asia.

INTERESTS

My hobbies include playing video games and working on personal projects. I also enjoy playing several sports, including tennis and swimming. At the end of a busy day, I enjoy reading a good fictional book.
